Product Marketing

RADOX Mineral Therapy Care & Nourish Antibacterial Handwash is a refreshing antibacterial liquid handwash which leaves your hands feeling cleansed and nourished
Moisturising antibacterial hand soap with our uniquely created blends of minerals and herbs, activate with hot water to cleanse & nourish your hands
RADOX Care & Nourish liquid soap is suitable for daily use, pump out the handwash and lather on hands
Killing 99.9% of bacteria, RADOX Care & Nourish antibacterial handwash is hard on germs, but gentle on hands

Enjoy feeling hygienic and refreshed with a blend of shea butter and ginger scents with RADOX Mineral Therapy Care & Nourish Antibacterial Handwash. This moisturising antibacterial hand soap, created with a unique blend of herbs and minerals, cleanses your skin and makes you feel refreshed and ready to go. RADOX antibacterial liquid soap is activated with hot water to cleanse and nourish your hands, and is suitable for daily use. For best results, pump out the handwash, lather on hands and rinse with warm water. Our shea butter and ginger-scented antibacterial hand cleaner is pH skin neutral and it is suitable for all skin types. Our reviving recipe contains gentle yet effective cleansers, blended with a unique selection of minerals and 13 herbs. From as early as 1908, RADOX founders used a unique blend of minerals and herbs to ease the fatigue of weary bodies and minds. From reviving the tired feet of early travellers to helping hardworking people find a moment of solitude and sanctuary - RADOX is rooted in the transformative power of mineral therapy. We have a long history of everyday therapy, we call it your daily R&R, RADOX Mineral Therapy. Enjoy RADOX Care & Nourish Antibacterial Handwash.
